EPIPHONE SONGMAKER DR100 - NATURAL

The DR-100 has long been our best selling acoustic guitar with the look, sound, and build quality that first time players and professionals expect to find when they pick up an Epiphone. The dreadnought is considered the classic go-to shape for bluegrass, folk, rock, country, and everything in-between. The dreadnought sound is commanding when required, but its balanced sound means that at any volume, you can be heard and hear yourself well, too.

We know you have a lot of choices in acoustic guitars and from a distance they may all blend together. But the DR-100 is the only dreadnought that comes with our Limited Lifetime Guarantee and Gibson 24/7/365 customer service along with a century of guitar making experience. Start with the best. Visit your Authorized Epiphone Dealer today and pick up a DR100.
