AVALON DS-100E NATURAL

A presence, quality and performance never before witnessed in an acoustic guitar at this price. This confident introduction to the Avalon Silver Series is surpassed only by seeing, hearing and witnessing the sublime qualities of this range. The quality and tonal response of these instruments is a breathtaking dream at the price. State-of-the-art manufacturing has gained alliance with Avalon's craftsmen to create superb acoustic guitars with true integrity' conceived from the true spirit of Avalon, its pedigree and guitar manufacturing heritage. Whilst the affordability of the Silver Series is created through high-quality systems and specifications it does not stray from the extraordinary experience of the superlative Avalon instrument. Each Silver Series Instrument has been designed by Avalon at its Irish workshop. The body shapes carry the distinctive Avalon genes of performance, playability and beauty. The Avalon Silver Series encapsulates every breath and essence of the Avalon brand yet delivers it to you at an unbelievable price.
