EVH 5150 III 4x12 STRAIGHT - IVORY

The EVH 5150 III 412 cab is the brainchild of Rock and Roll hall of fame inductee Edward Van Halen and the legendary tone masters of Fender. This professional 412 cab was developed to meet the exacting specifications of Mr. Van Halen, one of the true living legends of rock guitar. With custom Celestion G12EVH speakers and premium birch ply construction, this cab delivers the richness and power you would expect from Ed himself. Truly roadworthy, EVH cabs feature no-compromise construction promising peak performance for years to come. Includes pop-out swivel casters.
