EPIPHONE SONGMAKER DR-212 12 CORDE -  
NATURAL

### EPIPHONE SONGMAKER DR-212 12 CORDE - NATURAL

The DR-212 is a true 12-string acoustic guitar with the big sound and fine engineering you expect from Epiphone. The DR-212 is not just a dreadnought with 6 extra strings. We designed the DR-212 to take the stress of extra strings and not just support the Spruce top but provide the proper bracing so what you hear is a balanced, cutting, and attention-getting tone. The 12-string dreadnought has often been thought of as the classic-go-to guitar for blues, folk, rock, country, and everything in-between.

We know you want your 12-string acoustic guitar tone to be distinctive and for your instrument to not come unglued. A lot of 12-string guitar makers expect you to be satisfied with an 'ok' sound hoping that the novelty of having a 12-string will detract from the fact it sounds thin.

The DR-212 is the only classic 12-string dreadnought that comes with a Limited Lifetime Guarantee and Gibson 24/7/365 customer service along with the experience of a century of guitar making. Start with the best. Make a statement. Visit your Authorized Epiphone Dealer today and pick up a DR-212.
