SENNHEISER HSP4EW HEADSET MICROPHONE NERO

High-quality condenser cardioid neckband mic for vocal and speech applications. Individually adjustable. Integral wind/pop shield . Easily interchangeable and combinable components thanks to modular design.

Headworn microphone featuring very lightweight design and superlative audio quality. Permanently polarized variant of the MKE platinum condenser capsule with cardioid polar pattern designed for professional "hands free" applications. The adjustable neckband is visually unobtrusive and very comfortable to wear. HSP4 is available in black or beige, and can be ordered with connector for 3000 & 5000 series wireless, evolution wireless, or without connector (stripped and tinned leads). Includes modular snap-on cable and hard carrying case.
