YAMAHA YA 9310

Yamaha has put their decades of design expertise into 2 new series of single and double kick pedals. Each of their new bass drum pedals feature a heavy-duty angled floor base plate, horizontal frame brace, quick-release hoop clamp, spring lock system, independent footboard adjustment and include a gig bag. The excellent 9410 series pedals are direct drive while the 9310 Series feature Double Chain Drive with an optional strap.
