

PEAVEY VALVEKING 412S

299,00 € tax included

Reference: PEV412S

The Peavey VALVE KING 412 is a heavy duty loudspeaker cabinet designed to perfectly match the powerful ValveKing head. This version is the slant cabinet and is loaded with four rear-mounted, custom-designed 12 inch ValveKing speakers. The ValveKing 412 can accommodate any playing style and emphasizes the low end while allowing chiming mids and highs to cut through for tight, rhythmic playing and thick chords.

The main features of the Peavey VALVE KING 412 include:

- Birch construction
- 16 ohms mono with dual input jacks (1/4 inch jack) for connecting additional cabinets
- Impedance: 16 ohms mono
- Four 12 inch ValveKing(R) speakers
- Rear-mounted speakers
- 400 watts continuous power handling
- Straight and slant versions available
- Dimensions (HxWxD): 746 x 762 x 362 mm
- Weight: 29 kg
