

## COUNTRYMAN EARSET OMNIDIRECTIONAL, BEIGE

**315,00 € tax included**

Reference: COE6OW5LNC

Our most popular microphone, the extremely low-profile E6 Earset delivers beautifully uncolored audio while rejecting surrounding noise and feedback. An ultra-miniature electret condenser element is held close to the mouth by a thin boom and comfortable earpad. Three sensitivity options cover general speaking applications through extremely powerful vocals. Four colors allow you to match the E6 to your skin tone for minimum visibility. The element is available as a water- and wind-resistant omnidirectional microphone or as a pattern-changeable directional microphone for maximum isolation and gain before feedback. The boom adjusts for a custom fit and is available in our classic springy style, the extremely flexible "i" style, or the Flex style providing a soft boom in front and a springy ear section.

### WHAT'S INCLUDED?

- E6 Earset microphone
- Detachable cable.
- Black and White Single Tie Cable Clips
- Omnidirectional Protective Caps (+0, +4, and +8 included with Omnidirectional Earsets)
- Directional Protective Caps (Hypercardioid and Cardioid included with Directional Earsets)
- Windscreen
- Carrying Case

### TECH SPECS

Frequency Response:

- Omnidirectional: 20 Hz to 20 kHz
- Directional: 30 Hz to 15 kHz

Operating Current: 500 uA

Operating Voltage: 1 to 2 Volts

Power Supply Voltage:

- +3V with 2.7 kOhm load
- +5V with 6.8 kOhm load
- +9V with 15 kOhm load

Weight: 0.07 oz (2 g)

Sensitivity: Omnidirectional W5 (no band): 7.0 mV/Pascal

Equivalent Acoustic Noise:

- W5: 24 dBA
- W6: 29 dBA
- W7: 39 dBA

Overload Sound Level: Omnidirectional W5: 120 dB SPL

Cable Length: 5 Feet
