EPIFANI "NYC" T610

The NYC T610 is equipped with six 250 watt B&C Custom 10" drivers providing an astonishing 1500 watts (RMS) of power, making it the most powerful 6x10 cabinet on the market. Using two seperate isolation chambers, the T610 offers unsurpassed clarity and the most accurate sound reproduction even at the most extreme sound pressure levels. This cabinet has been designed for use in large venues while still providing a chest pounding punch, from front row to last!
